As you prepare to come to DePaul and Chicago, we would like to help you learn more about DePaul and what you can expect when you arrive. Through the following links, we hope to provide you with a virtual tour of our Chicago campuses and share examples of the student experience here through first-hand accounts from other students just like you!

DePaul has two main campuses: The Loop Campus and the Lincoln Park Campus. DePaul is located in the Midwestern city of Chicago—a metropolitan area that boasts one of the world’s most culturally diverse environments in the United States.

Some of you will be living on campus. You can watch this video to learn more about what to expect in DePaul’s Student Housing when you arrive.

Of course you are coming to study and learn! Here is some information about what to expect in the classroom and where and how DePaul students study:

- Research and Study Spaces
- DePaul Academics

While you are here, you are going to have many questions about how to pay your DePaul bills, get transcripts, and how to find internships. We have two great resources on campus to help you with this: DePaul Central will help you with your DePaul bills and your transcripts, and the Career Center will help you if you decide you want to try and get an internship or write an American resume while you are here: Student Resources.

We know you are not going to study every moment of every day! Click on these links to learn more about what students do in their free time:

- Student Life
- Fitness and Recreation
- Religion and Service

You can also learn about upcoming events through the International Programs News and Events. There are so many fun things to do and see in Chicago and we want to try our best to connect you to resources that will help you have amazing experiences here!

We hope that you find this virtual tour to be helpful and that you find the information useful. We look forward to helping you continue to explore DePaul and Chicago!
